

Comfort and Style

Transform a pool into the grand centrepiece of your garden design with Creative Stone's wide range of practical and decorative limestone paving and bullnosing.

Creative Stone products cleverly combine style with function. Made from reconstituted limestone, they do not heat up in the sun.

They also feature a safe, non-slip surface, making them ideal for around pool areas.

Mix and match with Creative Stone's large range of natural colours and textures to define your pool area and then add panache with the new Classic Roman Style Bullnose.

You will be surprised how easy it is to give your job the same flair and finish as the professionals.
